With all the options available on the site, finding ones worth buying can be quite the challenge – and that's where this article comes in handy. Teen Vogue has searched high and low to find the best spring dresses on Amazon and we can assure you they will become your go-tos during every season. If you're tired of figuring out what to wear during these confusing transitional temperatures, there's no need to fret. Just layer the dresses with a cozy cardigan or chunky knit to complete your look and let your knee-high boots do their job, too. Whether you plan to have a picnic in the park, head to or host an outdoor movie session, or go to your favorite restaurant with your BFFs, there's a dress for every occasion and temperature. Cozy oversized sweater dress, knit options, versatile slip dress, tie-front floral dress... you name them! Below, you'll find plenty of options to choose from – all under \$50. Half Sleeve Ruffled A-Line Flowy Dress After seeing this midi dress on @tinx on TikTok, the internet (and myself!) went crazy for it. Not only is it an incredible spring dress, but it can also be worn during the summer and back-to-school seasons, too. Pair it with Gucci jelly sandal dupes and a red lip for date night or with white sneakers for brunch with your best friends. Plus, since you can style it on and off the shoulder, you'll technically snag two dresses for the price of one. Warning: you'll probably want to purchase this best-seller in more than one of the many different colors available. Wrap V-Neck Mini Floral Dress What I love about this wrap dress (aside from its super comfortable fabric) is its versatility. It looks fabulous on all body types and pairs beautifully with all those necklaces you've been dreaming of layering. If you aren't sold on floral print, don't worry because it comes in tons of other prints, too! Terry Drawstring Waist Dress How adorable is this drawstring dress? Its terry material, stretchy fabric, and tie waist make it perfect for everyday wear. Plus, it comes in 10 different color and pattern options so you can choose your favorite. Seriously, it's one of the best dresses on Amazon. Tie Back Lantern Sleeve Mini Dress Can one really own too many mini dresses? Absolutely not! So add this number to your rotation ASAP. It features subtle lantern sleeves, a tie-back detail, and ruffle trim. Halter Neck Knitted Dress Some days, you just don't have time to dream up an outfit, which is where this dress comes into play. It's comfortable, has a beautiful halter neck detail, and comes in many gorgeous color options. Need I say more? Ruched Bodycon Mini Dress Trust us, this ruched bodycon dress will become your go-to this spring and summer but you can also easily wear this when you head back to high school or college. Chic? Yes! Versatile? Double yes! Our favorite part? How easy it is to dress up this casual dress with a blazer. Tie-Front Button Down Dress Of all the midi dress styles out there, this one has to be one of our favorites. Thanks to its tie-front waist, you can adjust it to your comfort. Plus, its bright colors look like you put tons of effort into picking out your look (when you really just threw this on in under a minute). Long Sleeve Floral Print Backless Dress A mini dress with long sleeves is the perfect transitional piece. Honestly, it's perfect to wear on warmer spring days or nights and will look fabulous with square-toed booties and tights on those colder days. The styling possibilities for this boho frock are endless. Silky V-Neck Midi Slip Dress Though simple, this slip dress will make a statement. Its breathable, soft fabric makes it perfect for every single season – including the winter if you pair it with boots and knits. The spaghetti straps are everything. V-Neck Corduroy Button Overall Dress Don't rule out overall dresses. This one feels comfortable enough to wear during your all-day adventures and can easily be layered with turtlenecks, chunky knits, or your favorite square neck tops during chillier days. Wrap Dress With Pockets You can never go wrong with a dress with pockets, which is why this wrap dress needs a place in your wardrobe. Button Down Midi Dress With Pockets There are so many reasons why midi-dresses are a go-to, especially during the warmer months. They're flowy, easy to throw on in a pinch, and comfortable for all-day wear. Made out of cotton and polyester, this one feels like an extension of your pajamas, which is why we're obsessed with it. Did I mention that it also has pockets? Satin Dress Nobody will ever believe this luxe-looking staple is from Amazon. Going to dinner? Pair it with heels and a bold lip. A colder spring day? Layer it with a sweater and cowboy boots. For work? An oversized blazer always works. Long Sleeve Oversized Cable Knit Sweater Dress This oversized sweater dress is your best bet for braving the colder winter days and random snow squalls – IKYK – thanks to its cozy material and cable knot details. Throw it on whenever it's too cold to wear anything in your closet. If you want to get the most use out of it, you can also pair it with knee-high boots and tights. Shift Dress Loose and flowy, this classic number pairs well with minimal accessories – think a dainty gold chain and sneakers. If you're not a fan of neutral colors but love the silhouette, no need to fret. It comes in over 17 different color options. Regardless of which (or how many) you choose, you'll certainly find yourself loving this snag. Sweetheart Neckline Printed Dress Don't sleep on this sweetheart neckline printed dress. It's cute, stylish, perfect for your IG photos, and would look great with sneakers. Basically, everything I want in a dress. Flannel Shirt Dress Incredibly effortless and comfy, this flannel shirt dress is perfect for running errands or to a night on the town with your friends. Seriously, I mean it. Knit Sweater Dress You can never have too many sweater dresses – and this one is no exception. Flowy Ruffle Dress Let's be honest: Flowy dresses with ruffles are the solution to surviving warmer spring days. While many believe they aren't versatile, pairing them with different shoes, accessories, and bags can have a massive impact. Plus, when summer begins, this will become your new go-to. Square Neck Ruffle Dress You can never go wrong with a square neck ruffle dress, regardless of warm or cool temperatures. Long Sleeve V-Neck Dress Looking for a spring date night dress? This one is your best bet. Pair it with your favorite heels, tights, and oversized blazer on colder spring nights. High Neck A-Line Side Slit Maxi Sweater Dress How adorable is this high neck a-line maxi sweater dress? It's available in a variety of neutral hues, ranging from beige to light pink, and has an ultra-flattering fit that'll hug you in all the right places. Plus, it can be layered up or worn alone during the confusing transitional season weather. A win all around if you ask us. Crochet Trim Tassel-Tie Dress If you're looking for a dress you can wear over and over, try this crochet trim maxi dress. A black dress is a wardrobe staple, so you should always have one on hand. Midi Sweater Tank Dress Contrary to popular belief, sweater dresses aren't only for the winter. While this can be the coziest winter ensemble, it's also the perfect spring and summer dress when worn with the right layering pieces. Opt to pair this midi sweater tank dress with your favorite oversized jean jacket or lightweight cardigan, depending on the weather that mother nature may bring. Also nice: You can wear it alone on summer days, too. Long Sleeve Tunic Shift Dress If you're looking to add a pop of color to your rotation, opt for this uber comfortable shift dress. Its oversized silhouette, ruched detailing, and puffy sleeves will make it your new favorite. Tie-Front Floral Print Ruffle Dress How cute is this tie-front ruffle dress?
