Located directly in the Persian Gulf, Dubai marks one of the seven Emirates which together result in the "Arab Emirate Association". In the West, the city/emirate is known primarily because of its immense economic increase in the last ten years. Meanwhile, the city is not only bigger and lively than the real capital of Abu Dhabi, and is also designed by various modern buildings - above all the Burj Khalifa, which with 828 m of higher titles in the world. For tourists, a trip to Dubai is worth it mainly because of a lot of sun and countless hours of sunshine, although the temperatures in the summer can rise so much that they are perceived as extremely uncomfortable for Europe. However, if you want to enjoy the wonderful climate, the best bath weather and very few rainy days, it is well served with holiday in the city. Thanks to the airport directly connected, it is also extremely easy to reach from Europe. Many hotels directly at the end of the Persian Gulf make the trip to the pure bathing experience, by which the glamour and special luxury of the city have guaranteed to ensure interesting photos and memories. Thanks to the strong orientation for tourism, Dubai did not necessarily adapt Western values, but the city/emirate is considered one of the Tuned Emirates "Tuned -Tuned". In den Sommermonaten steigen nicht nur die Sonnenstunden an, auch können Höchsttemperaturen durchaus bis hin zu 50 Grad klettern - from the Klima gilt dann als unangenehm, die niedrige Luftfeuchtigkeit verschafft nur eine kleaffine Linderung. Idealer ist es also in europäischen Herbst-, Frühlings- oder gar Wintermonaten zu verreisen. Innerhalb der Optien Reisezeit, aber auch außerhalb, ist Dubai vorwiegend wolkenlos. And in blauer Himmel und nur sehr wenig Niederschlag, im Frühling und Herbst kaum mehr als 2 Tage, ist in der Wüstenstadt keine Seltenheit. In many of the sunshine hours, above all a lot of vision in the city, which usually establishes a new standard for luxury and splendor. A tour of the city's landmark, Burj Khalifa, is absolutely advisable - if you have a slightly larger fan background, you can even enter the renowned Hotel Armani. With a total of 828 m, the skyscraper is currently the highest building in the world. The magnet and very large building, which projects itself in the Crasta and burns the skyscrapers around, as small daily buildings, reduced a total of 6 years. A visualization platform can be found in a total of 163 usable floors, in addition to hotel rooms, buiros and luxurious apartments. It is located within a new center of the city and therefore is very fancil to reach. During the ideal travel time, many tourists are also moving here. The world is that the world inserted in Dubai is also worth a visit. Almost located at Kuen, a kitchen island group was created here, which was organized in the form of a world map. The luxurious islands are only reached by boat or helical and are mainly a true eye of the air.
