Reviews from users DeSlimeFactory: After every single game is an ad, and when you watch an ad for extra gold or anything (my case was a skin) you don't even receive it, I mean I know ads are a way you make money, but this many ads makes you want to delete the game, bad experience.A Google user: every turn has a long ad after it, sometimes 2. And you can't stop them till after 30 seconds. It's pathetic. Controls aren't that great either. It's a waste of time. Ignore whatever the developer tries and write as a reply, its pretty much watching ads with a few seconds of some game time. Fn patheticAknmarl Sherif: Lol lol lol lol! Fun game! I like the skins of stickman and the colors of helicopter ? and oho gun styles. Lovely game. But got bored of it! Levels are too easy. And it keep repeating levels! I just want more levels! Ads are no problem in dis game. Even with these problems it's still a GG. (Good game)Dillon Valdermao: A fun game that is simple and easy to use. Unfortunately, it's kind of boring after a while - there's no reason to keep playing. For example, if the games was based on the world map and you saved people in various cities, from buildings of various sizes/heights and there's was a leaderboard - one would want to keep on playing.S Horn: Even looking past the ads (and there are a TON) the game quickly gets stale. The "variety" in the levels is dropping a ball or pipes instead of shooting a barrel. Just beat your head against a wall for 10 mins - it'll be more fun than this boring, uninspired ad factory and it won't drain your battery!Trapezoid: The thing is, this game is actually good, but there are problems. There is no audio, and there's an ad after every single level. This game has the potential to be great, but it needs improvements. Adding audio, more customization, and maybe even making the helicopter look... Better. Z Escape - Zombie Machine Gun v2.2.1 (77Mb)
