There are also people who scam other players by selling items with prices they can't get for items that aren't worth much at all when you try to sell them. I once had someone scam me because of that. They told me their account was hacked and that they could fix it for me if I give them one of my item. So I gave them one and they scammed me. Another problem is when people are posting comments and other players comment back at them about it. There is a lot of spamming going on, but the worst part is there is a lot of inappropriate content that is being made like adult themes, swearing, and inappropriate skins.

Roblox was launched as a free download with the name of ROBLOX Studio on April 15, 2005. In addition to the free version, Roblox also has a paid version, which was inspired by Roblox Studio's success. A Robux shop has been available since December 2007 (since December 2011 this can no longer be accessed unless you have purchased premium membership), for US\$4.95 (US\$5) per month or \$49.

As a Roblox developer, you have the advantage of being able to learn new things from other people's games. You do not need to start from the scratch because there are thousands of ongoing games that you can play and then copy. There are many ways to make money on Roblox since it is a free app. You can make money by selling your skills as a developer, becoming an affiliate, making money through advertisements or charging for certain items in your game. You can also make Robux by doing roblox sponsored ads.

Roblox allows players to sell their own creations (such as hats and T-shirts) with unique names. These names usually contain the item name followed by "item" and sometimes the price. For example, the price of a hat called "Duck" would be listed as Duck item. If a player bought the Duck item for 5 Robux, it would cost 5 Robux once he bought it.
