ROBLOX also offers badge packages; however there is no way of transferring badges between games. ROBLOX has other games such as "Roblox Heroes", "Roblox D&D", and "The Guild 2" (releasing on December 14, 2014).

ROBLOX makes it easy for users to participate in local multiplayer games. For example, a user can connect three iPads together and play the game Invader ZIM on them. There are also games where players connect their computers through WiFi and play online games with one another, such as Minecraft. You can also use RoomBuddy to track where your room members are located, so you don't have to worry about them leaving your house unsupervised.

The first product launched by ROBLOX was "Builders Club" on May 21, 2006 which allowed players to create 3D environments and watch other players' creations online. This product was followed by "Dance Off" on November 29, 2006. Both of these games had been in development since the launch of the website; "Dance Off" being originally named "Crazy Dance Fight". In 2007, ROBLOX launched a new line of products called "Roblox Toys". The first and only one to be released at that time was "Helicopter", which was shipped in December 2007.

The canonical website for Roblox is robux.com, but many unofficial websites have been created due to the Roblox website's outdated and limited features. Some of these sites include ROBLOXHQ.com, ROBLOXFanSite.com, ROBLOXFanZone.com, ROBLOXAlbum.com, and ROBLOXFanGallery. These websites have been shut down on multiple occasions due to copyright issues or because they did not comply with the Roblox Terms of Service (ToS).[63] As of March 11, 2014, only the official website will be used for legal purposes by Roblox.

Open an existing account, or create a new one. Sign in with your username and password. Choose the "Cash" button in the top right corner of the game screen. Go to "Catalog", then choose "Purchase." Then, search for "Free Builder's Club" and choose that item with your Free Roblox Gift Card.
