On November 10, 2014, ROBLOX launched an invite-only beta for the virtual currency Robux. It was released to a small fraction of its user base whose accounts had been verified by Robotcrab, Inc. The currency was named after ROBLOX's mascot. All games and item purchases could only be made with Robux. The overall value of Robux is dependent on ROBLOX exchange rates in the game itself; however, all players are guaranteed to receive the same amount of Robux (at the same time) regardless of their financial situation or how they choose to use them.

Another way that allows users to get free robux for Roblox is through surveys. There are many websites and apps that allow users to complete surveys in exchange for free robux. Some apps also let users complete missions in exchange for a small amount of free robux, though they may require several tries before they can complete them all. However, you can never go wrong with a survey. Since there are so many available, you should take advantage of these opportunities to get free robux.
