Best Review by USARizzo2youReviewed in USA June 25, 2022Love love loveVerified PurchaseGypsyVerified Purchase USAMay 10, 2019 Almost PerfectVerified PurchaseZooni (Kajol) goes to New Delhi for the first time with her friends to perform at a Republic Day function. There, she meets and falls in love with a tourist guide, Rehan (Amir Khan). Her friends are overprotective of Zuni because she is blind, but they end up helping them spend time together. Zuni's romance seems to have a happy ending, but tragedy strikes. Seven years later, counter-terrorist special forces Sushil Rawat (Sharat Saxena) and Special Agent Malini Tyagi (Tabu) are trying to track down a Kashmiri terrorist leader. organization before he manages to obtain the last piece needed to make a nuclear weapon. Zuni becomes unwittingly involved when an injured stranger shows up on her doorstep. The first half of this romantic thriller was good but not great - it played out like a typical Bollywood romance. But the second half caught my attention. The surprises and suspense were well written and presented. Khan and Kajol were average at the start of the romance but excelled in the thriller. Zuni's parents were played by excellent veteran actors Rishi Kapoor and Kirron Kher. ChildAli Haji was also convincing. The songs were mixed, some good, some forgettable; however, the background music was quite effective. All in all, Fanaa is almost perfect entertainment. 5 people found this helpful.Ken AndersonReviewed in USA Jan 17, 2010 Fanaa (Destroyed in Love) Starring Amir KhanVerified Purchase The story takes place in Kashmir, northern India. Zooni (Kajol), a young adult woman, wants to experience the world: its places, its smells, its relationships like a 'normal' girl... You see, Zooni is blind. During the tour, she meets "Rehan" (Amir Khan), an absent-minded flirtatious guide who takes a special interest in her. Rehana "shows" Zooni the city of Delhi for the first time in her life. She promises that the time she spends with him will be the most precious moments of her life. And so the adventures begin. Little does Zooni know that Rehan has another, more sinister pursuit, the outcome of which could destroy all the love he had hoped for. I won't reveal the rest of the plot. Due to the geographical location, there are some amazing photos and we see bits of the great beauty of India. Suffice it to say, it's romance... and tragedy. Unlike many Indian song and

dance films, this is a thoughtful plot brought to life by Aamir Khan and Kajol. Don't get me wrong, this film also has "singing and dancing", part of the great Indian film tradition, but it is meaningfully woven into the flow of the story. I only gave Fanaa four stars because even though there are moments that are riveting compared to the films directed and produced by Aamir Khan himself, this film lacked something in terms of plot and even acting. Still, it's worth a watch even if you don't add it to your personal DVD library. A selection of English subtitles makes connecting easy. LynViewed in the United States on May 22and heartbreaking, as well as a beautifully drawn novel. Verified Purchase 3 people found this video helpful. The story isn't very believable - it has some crazy coincidences and plot twists that only seem to happen in movies. But it's very well acted and overall very exciting. As many have mentioned, it really feels like two movies in one. What I love about this movie: Great performances by the main characters and supporting actors like Rishi and Tabu. What I don't like about him (and maybe because the movie is a little dated at the moment) is Aamir's appearance in the first half of the movie. God, he looks really fat and dresses like a pimp - if Karol's character wasn't blind, he'd probably run away! But in the second half, it looks exactly as the character requires. Still, both are first-class actors and make the fight for this almost impossible love story believable and real. 3 people found this helpful Paul F. Read on to find out! Starring: Aamir Khan Kajol Rishi Kapoor Kirron Kher Sanaya Irani Genres: Action Drama Romantic Thriller Release Date: May 26, 2006 Zuni Ali Beg is a blind Kashmiri girl who travels to Delhi for the first time without her parents with a dance troupe to perform at the Independence Day Celebration. On her way, she meets Rehan Khan, Casanova and a guide who flirts with her. Although her friends warn Zuni against him, she does not fall for him and takes her on a private tour of New Delhi. But there's more to Rehan than meets the eye, and Zuni must make a heartbreaking decision. Unfortunately, Fanaa never made it to Netflix. However, Netflix offers a variety of shows for subscription plans that cost \$9.99/month for the Basic plan, \$15.49/month for the Standard plan, and \$19.99/month for the Premium plan. Fanaa cannot be viewed on Hulu. However, prices for this streaming service currently start at \$6.99 per month or \$69.99 for a full year. It's \$12.99 per month for the ad-free version, \$64.99 per month for Hulu + Live TV, or \$70.99 for Hulu + Live TV without ads. Sorry, Fanaa does not air on Disney Plus. With Disney+ you will have a wide selection of shows from Marvel, StarYou can choose from Disney+, Pixar, ESPN, and National Geographic on the streaming platform for \$7.99 a month or \$79.99 a year. You won't find Fana on HBO Max. But if you're still interested in the service, it costs \$14.99 a month, which gives you full access to the entire vault, and it's ad-free, or \$9.99 a month with ads. However, annual versions for both are cheaper, with an ad-free plan at \$150 and an ad-supported plan at \$100. Yes, Fanaa is free to watch on Amazon Prime Video! One has access to an extensive library of titles on Amazon Video for a subscription price of \$14.99 per month. Fanaa didn't hit Peacock's streaming library. Peacock has tons of other shows and movies for just \$4.99 a month or \$49.99 a year for a premium account. Fanaa is also not included in Paramount Plus. Paramount Plus has two subscription options: the basic, ad-supported version of Paramount+ Essential costs \$4.99 per month and the premium, ad-free plan costs \$9.99 per month. There are no bones. Fanaa is not currently streaming on the Apple TV+ library. In your Apple TV Plus library, you can watch tons of other top-notch shows and movies like Mythic Quest, Tedd Lasso, and Wolfwalkers for \$4.99 a month. No way, Fanaa is not currently available to watch for free on Virgin TV Go. There are tons of other shows and movies on the platform that might interest you!
